

Dear Jeff,

Good morning and happy Monday to you!

I just wanted to send you an email to once again thank you for the wonderful experience that we had working with you and your staff. All of you are so talented and knowledgeable and know how to provide outstanding service to customers. We will spread the word and will return each year to have our work done.

Also, thank you for inviting us to the party and for the drinks! We had a great time!!!!

Godspeed looks amazing! Hey....what did you wash her with? She looks whiter and brighter and we would love to purchase the same stuff.

Please let us know if we can ever do anything for you.....

Kind regards,

Betsy

Baltimore, MD 21221

Dear Mr. Zahner,

The purpose of this letter is to convey to you my complete satisfaction with the repower of my Viking.

There are many things to consider when taking on a project of this magnitude. Engine selection, and all the other decisions along the way. But far above these considerations, is that you must have faith and trust in who you are dealing with. I would like to say to any prospective customer that a \$141,000 project, which lasted over a period of six months, not one time did I ever experience a "rough spot." The Iveco/Fiat engines are wonderful along with Murphy Glendinning – and other equipment you selected. Let's just put it this way "I am a happy customer." Feel free to allow any potential repower customer to call me.

Sincerely,

A handwritten signature in black ink that reads "Roger Cann". The signature is fluid and cursive, with a large initial "R" and a long, sweeping underline.

Roger Cann
